BULLER IS ADVANCING

Forging His Way Slowly to the Relief of Ladysmith.

BOERS SURPRISED.

General Buller Has Reached a Point Fifteen Miles West of Colenso and Still Holds His Men Intact—Ladysmith Fight.

London, Jan. 18.—General Buller completely surprised the Boers and occupied the hills beyond Potgieters Drift, 15 miles west of Colenso, on Wednesday, Jan. 10. This intelligence is contained in an exclusive dispatch to The Times, dated Wednesday. He followed up the movement by shelling the Boer trenches.

This news completely disposes of the statement that Sir Charles Warren's force went in the direction of Weenan, and it tends greatly to restore confidence in General Buller's tactics. The supposition that he had divided his forces into three columns had given cause for anxiety. It is now seen that such a

GENERAL BULLER.

[Commanding the British forces in South Africa.]

view was erroneous as General Buller's forces are concentrated.

In Cape Colony General Methuen has made a demonstration in force, shelling the Boer works.

General Gatacre is skirmishing around Molteno.

General French has been throwing a few shells at the Boers at Rensberg.

Colonel Plummer is moving to the relief of Mafeking from Bechuanaland. He is now in command of less than 2000 men.

Mafeking is in a bad way; the siege is being pressed with determination and the Kaffirs are deserting because of the pinched rations and the necessity of eating horse meat.

The Standard's account of the assault upon Ladysmith shows that the garrison was surprised and that several times the situation was critical. Out of a detachment of 30 Gordon Highlanders, who surrendered, every man was wounded, says the correspondent. Curiously enough, this is the first mention of the capture of the Highlanders.

While the Boer repulse at Ladysmith was the heaviest counter stroke of the war, still details that should have been in the hands of the war office are still missing. There has been no report of the British loss. The only news on this point is that the Boers' loss was great and the British loss considerable. When details are being received by newspapers it seems strange that officials do not report to the war office.

The government is relaxing its efforts to send out reinforcements. It is quite undecided as to when the eighth division will be shipped.

The war office declines the offer of a third battalion of Northamptonshire militia, and says that no more militia will be sent abroad.

Plumer Advances.

Lorenzo Marquez, Jan. 18.—A dispatch by way of Beira, dated Jan. 11, announces that Colonel Plumer has arrived near Moohundi, about 100 miles north of Mafeking with a portion of his forces from Tuli.

Will Go to Washington.

New York, Jan. 18.—Montague White, until recently consulting agent of the South African republic, has been in New York for a week and is about to go to Washington. It is supposed he is on a diplomatic mission. He refuses to be interviewed.

No Conflict Over Seizures.

Washington, Jan. 18.—It is authoritatively stated that there is no difference whatever between the government of the United States and Great Britain as to the legal aspects of the seizures off Delagoa bay. The British government has admitted without reserve that these goods were not liable to seizure. That has given complete satisfaction to the state department. It does not follow that the department accepts as binding the view of the British government as to conditions under which flour and food-stuffs may become contraband, but the

department prefers to follow the usual rule of international law and avoid passing hypothetical cases, contenting itself with full acceptance of its views by the British government in the present instance.

Sherman Declines.

Washington, Jan. 18.—Representative Sherman of New York, whose name has been mentioned in connection with the office, declined the secretaryship of the senate.

MUST BE REELECTED.

Wheeler Cannot Retain His Seat Under the Present Circumstances.

Washington, Jan. 18.—If General Joseph Wheeler expects to return to Washington and to take a seat in congress without further formality it looks as if he would meet with disappointment. Inquiry has been made since the announcement that he had been relieved from further duty in the Philippines and it is found that there is a sentiment on both sides of the house that it has been clearly shown by the execution of the case of Low and other precedents that he has forfeited his right to a seat in congress and that the only thing open for him is to go back and seek reelection if he desires to continue service in congress.

No doubt is entertained that, if he seeks reelection at a special election to fill the vacancy he will be returned to congress perhaps without opposition, but it will be held by the house, according to the best authorities in both parties, that the seat is now vacant, and will remain so until a special election has been held.

Some of his friends in the house hope that he may be induced not to make claim to the seat, but go at once before his people for reelection. They think he would win greater distinction by this course, and, if reelected, would be entitled to pay for the entire term from March 4 last, as any one elected to fill a vacancy would be.

No doubt exists in the minds of the friends of General Joe Wheeler that his return from the Philippines in compliance with his own request, is due to the failure of General Otis to give him active service in the field.

In certain quarters an effort is made to attribute General Wheeler's return to his inability to stand the climate and to his age. In refutation of the former his friends point to a statement he made after visiting the American lines that "the impression that the country is unhealthy is wrong."

Regarding his age, it is pointed out that he is only about a year older than General Otis.

WAR COTTON MONEY.

Good Prospects That Producers Will Be Paid for Cotton Seized and Sold.

Washington, Jan. 18.—Southern senators express themselves as hopeful over the prospect of securing legislation during the present session looking to the refunding of money paid into the treasury of the United States soon after the civil war as a result of the sale of cotton captured by the Federal forces. There was originally about \$30,000,000 of this money but a portion of it was paid to the owners of cotton soon after the close of the war. The remainder was left in the treasury and has remained there ever since. Senator Money, who is giving special attention looking to the reopening of the subject, says that the sum left amounts to about \$11,000,000. A bill introduced by Senator Davis gives one year additional time for proof of such claims. It has been reported favorably by the senate committee on claims and Senator Money thinks the outlook very good for favorable action. Most of the claims are held in the southern states.

DRAWING UP REPORT.

Two Separate Papers Will Be Filed by Roberts Investigating Committee.

Washington, Jan. 18.—Chairman Taylor of Ohio and Representative Littlefield of Maine are busy preparing the majority and minority reports in the Roberts case. They will be filed together on Saturday. It is not expected the case will be called up in the house until Tuesday or Wednesday. The debate is expected to occupy two or three days. Mr. Littlefield and Mr. DeArmond of Missouri, who will sign the minority report, are hopeful the mode of procedure which they favor, to allow Roberts to be sworn in and then expelled, will be followed. A majority of the committee, on the other hand, are confident their report will be adopted and that Roberts will be excluded without being sworn in.

The Gulf's Headquarters.

Chicago, Jan. 18.—It has been decided definitely to establish the general offices of the Kansas City, Pittsburg and Gulf road in Chicago. It had been expected generally, though no official announcement had been made, that the headquarters would be in Kansas City, which is one of the terminals of the road. An arrangement has been made between the receiver of the Gulf road, the reorganization committee, and the attorney general of Texas for strict compliance with the Texas law in regard to maintaining offices for the Texas branch

Washington, Jan. 18.—The colossal bronze statue of Daniel Webster in Scott Circle, presented to the United States by Stilson Hutchins, was unveiled in the presence of the president, the cabinet, supreme court officials, representatives of the house and senate, diplomatic corps and many others. Secretary Long accepted the statue in behalf of the government.

Defense of Mrs. Rich.

El Paso, Tex., Jan. 18.—Deputy United States Marshal Hillebrand is circulating a subscription list to raise funds for the benefit of Mrs. Rich, the American woman in prison in Juarez, Mex. The woman needs money, it is claimed, to defray the expenses of her trial now in progress.

ADAMS-BYARS.

A Beautiful Wedding at Columbus Wednesday.

Mr. A. Semones Adams of Houston, and Miss Hennyue Zue Byars of Columbus, were married at the Methodist church in the latter city Wednesday afternoon, Rev. John McMahon officiating. Miss Marie Adams of Bryan, sister of the groom, was maid of honor, and Mr. Hampton Shaw of Houston, best man. The church was tastefully decorated. An arch of white morning glories was an exquisite feature, and from above, this rose leaves were showered upon the couple by two fairy little girls during the ceremony. The bride's dress was brocaded white silk with white chiffon ruffles headed with narrow fringe, sherry yoke of chiffon and duchesse lace, tulle veil caught up with diamond brooch.

The bride is a daughter of Dr. and Mrs. James A. Byars of Columbus, possessed of beauty, vivacity and accomplishments. She is very popular in social circles and easily wins her way into the hearts of all with whom she is associated.

Mr. Adams is a son of Capt. and Mrs. J. J. Adams of this city, and a graduate of the A. and M. College. For several years he has been connected with the civil engi-

neering department of the Southern Pacific. He has a large circle of friends here who heartily congratulate him on his good fortune. The Eagle unites with other friends in wishing them abundant happiness.

Mr. and Mrs. Adams arrived at noon yesterday to visit relatives here and at College.

THEATRICAL.

"All a Mistake" Will be Presented by the Krause-Taylor Company this Evening.

Another big crowd was out last night to witness the production of Rip Van Winkle. From the applause received the audience appeared to be well pleased with the play. Jack C. Taylor appeared in the title role, the lines of which sparkle throughout, the part affording rare opportunity for the comedian. The company will give three more performances. If you enjoy a good show at popular prices, don't miss any of them.

A comedy bill, "All a Mistake," will be presented this evening. A change of program every night, prices 10, 20 and 30 cents. Matinee performance at 2:30 p. m., Saturday.

NEARING LADYSMITH.

Buller Moving on the Beleaguered City With All His Men.

OVER TUGELA RIVER.

So far He Has Not Encountered the Boers, but a Strong Force Is Between Him and General White's Forces.

London, Jan. 18.—Officials of the war office here are satisfied that the tide has turned and that news of a more hopeful character from a British point of view hereafter will be the rule instead of the exception. That the British advance in a northeasterly direction will be fiercely resisted is fully anticipated. The Boer strength is probably superior to the British and dispatches show the burghers occupy strong positions.

There is some doubt as to whether the Sporen Kop occupied by General Warren is identical with Spion Kop. If so, the British are within a few miles of Acton Holmes, the first scene of earlier conflicts between White's forces and the invading Free Staters, whence there is a good road direct to Ladysmith.

While Warren's force was crossing the Tugela river, the Boers occupied a thickly wooded plantation one mile north of the river and sent several volleys into the advance guard. The British replied and the artillery opened on the neighboring kopje. As the British pushed across the river the Boers found their position uncomfortable and retired to the hills. Immediately after the pontoon bridge was completed, the whole British force crossed. It is thought probable a combined forward movement has since occurred.

In the meantime naval guns on Swarts Kop have been persistently shelling the Boer entrenchments facing the kopjes occupied by Littleton's brigade.

Rumors from Cape Town that Ladysmith has already been relieved are apparently ahead of the facts. In any case Roberts, whose report was dispatched this morning, is not aware of it and his date precludes the possibility of the troops mentioned in his dispatch to have so soon reached the beleaguered town. Though there are some discrepancies in the telegrams, the whole tenor of the news points to Buller's second advance as having begun with good prospect of success, but it is generally recognized that with an enemy so resourceful as the Boers, it is idle to indulge in overconfidence. The net result so far as known is that Buller occupies two commanding positions north of the Tugela river, thereby securing at least two crossings by which he can bring up the necessary reinforcements.

The following is the dispatch received from Roberts at Cape Town:

"I have received a telegram from Buller stating that one brigade and a Howitzer battery had crossed the Tugela river at Potgieters Drift. Five miles further west, at Trichards Drift, Warren had thrown a pontoon bridge over the river. By this move part of his force crossed Wednesday. The remainder is expected now to be on the north bank. Warren hopes to be able to turn the enemy's position which is five miles off to his right front, being strongly entrenched."

Rumor Ladysmith Relieved.

London, Jan. 18.—A Cape Town special dispatch says it is persistently reported there that Ladysmith has been relieved.

Overwhelmed by Boers.

Rensberg, Jan. 18.—A patrol of 14 men of the New South Wales Lancers and South Australians were ambushed Tuesday by Boers and overwhelmed after a severe fight. Eight of the detachment escaped and have arrived in camp. Wednesday the patrol visited the scene of the fight and found five dead Australians and one wounded. A number of dead Boer horses were also found, showing the Australians made a gallant fight before surrendering. It appears when the Australians encountered the first body of Boers and found their retreat cut off, they galloped for a nearby kopje, hoping to beat off the Boers but on arriving there found another force of burghers concealed there.

Anxiety Intense.

New York, Jan. 18.—A dispatch to The World from London says the anxiety in regard to Buller is intense and increasing every hour. The public and most of the war experts are inclined to take a gloomy view of the situation.

Taken to the United States Court.

Atlanta, Jan. 18.—Judge Newman of the United States court has ordered Sheriff Oliver of Green county to produce R. A. Williams, an emigrant agent before him in Atlanta on Jan. 25. The petition for a habeas corpus alleges that Williams is illegally detained in the Green county jail; also contends that the law passed by the general assembly of Georgia known as the "Emigrant act," under which Williams is now held for the violation, is unconstitutional.

Unlucky Speculations.

Paris, Jan. 18.—The Matin says it is rumored on the bourse that Count Boni de Castellane, husband of Anna Gould, has lost 3,000,000 francs by unlucky speculation.

THE CATTLE CONVENTION.

Leasing of Government Lands Principal Topics of Discussion.

Fort Worth, Tex., Jan. 18.—The National Live Stock association devoted its third day's session to the consideration of the resolution that all public lands adapted to grazing be subject to lease by stockmen who are citizens. The indication is that it will receive the indorsement of the convention, but not without strong opposition, as the sheepmen of nearly every state and territory of the entire west are here and fighting hard to defeat the measure.

Colonel Hobb of New York has been recommended by the executive committee to the appointment as United States commissioner to the Paris exposition in the interest of the industry.

Important speeches were made by T. F. B. Sottram of Missouri, J. H. Pickeral of Illinois, Colonel Elmondson of Missouri, Mortimer Levering of Indiana and Reuben Gentry of North Carolina.

The question of the feasibility of securing the passage of a law authorizing the leasing of government lands adapted to grazing purposes vexed the stockmen for several hours during the afternoon session of the National Livestock convention here Wednesday, and the chances are that it will continue to vex them for several hours today.

Early in the afternoon a debate was begun on a resolution that declared that "such of the public lands of the United States as are adapted to grazing should be subject to lease by stockmen who are citizens at a reasonable rental and under such conditions as will tend to preserve the grasses from destruction and improve the grasses thereon."

The earnest manner of those who participated, if nothing more, served to show that the question was of the utmost importance to them. At times the discussion grew most spirited.

This is a question, however, that possesses little or no interest for the stockmen of Texas. There are no Federal government lands in this state, and besides this it is claimed to be essentially and almost exclusively a cattle country.

Wednesday night the city was again thronged with merrymakers. By the lurid glare of Greek fire the Mystic Knights of Bovinia rode through the streets, greeted and cheered by thousands. Afterwards the knights gave a ball in honor of the stockmen.

THE MONETARY LEAGUE.

It Will Undertake to Write Financial Plank of Democratic Party.

Denver, Jan. 18.—The executive committee of the Monetary league has decided to hold the national convention at the same time and in the same city as the Democratic, Silver Republicans and Populist national conventions. The object of the league is to endeavor to write the financial plank of the Democratic national platform. The following executive committee of the league has been announced: Judge W. Rucker, Judge Moses Hallett, Governor C. S. Thomas, Justice L. V. Goddard, T. M. Patterson, Judge C. I. Thomson. Senator Oscar Reuter, Thomas Tongem, George M. Merrick, Mayor M. V. Johnson, J. N. Stephens, all of Denver; Gov. W. A. Poynter of Nebraska, ex-Gov. J. S. Hogg of Texas, W. C. Hall of Salt Lake, Frank P. Drennan of Illinois, J. C. Stallcup of Tacoma and A. W. Rucker. President Rucker is in correspondence with friends of the cause in this country and England, and believes that on account of the scarcity of the circulating medium Great Britain will be obliged by the overwhelming sentiment of public opinion to reopen the mints of India to the free coinage of silver.

FIGHT OF THE YAQUIS.

They Declare They Will Control the State of Sonora in Mexico.

El Paso, Jan. 18.—The Indians of Sonora, the only race in all Mexico that was able to survive the Spanish invasion and preserve its individuality, are making their last stand against the Mexican government. Thus far it seems the Mexican soldiers are found to be inadequate to cope with the Yaquis.

A proclamation has been issued by the ruler of the Yaqui Nation, addressed "to the American people, and is in part as follows:

"The Yaqui nation has begun its struggle for independence. It will no longer tolerate the Mexican army in Sonora. The nation has established a provisional government, the offices of which are at Babispe. In the event of the success of the Yaqui people over the Mexicans no foreigners except native born Americans will be allowed in Sonora for several years. The property and persons of Americans in Sonora will be protected by the Yaquis in every way."

Mrs. Molyer in Jail.

Kingston, Mo., Jan. 18.—A child was found dead in a well on the farm of Mr. Cherum, five miles east of this place. The coroner's jury decided that the child had been murdered and thrown in the well by its mother, Mrs. Jennie Molyer, who is now in the county jail.

Robbers Kill a Barker.

Leadville, Colo., Jan. 18.—Two masked men held up Golob's saloon here. Jerry Ryan, the bartender, refused to throw up his hands and was shot twice by one of the robbers, dying instantly. The robbers fled.

Lumberman Killed.

Alexandria, La., Jan. 18.—E. J. Dodge, aged 64 years, president and treasurer lumber firm of Legonier, Ind., was killed by a southbound freight train of the Southern Pacific railroad near Haasville Station.

CONGRESSIONAL DOINGS.

In the Senate and House Lively Debates Were Engaged In.

Washington, Jan. 18.—An agreement was easily reached in the senate Wednesday to take the final vote on the pending bill fixing gold as the standard value in the United States on Feb. 15.

After several days of debate the resolution of inquiry regarding the conduct of the Philippine war was adopted. It was introduced by Mr. Hoar of Massachusetts, and practically was adopted as a general substitute for resolutions of a similar, but less extended character offered by Mr. Pettigrew and Mr. Lodge. Beyond a vigorous speech by Mr. Pettigrew the resolution aroused no debate as it is within the discretion of the president to send or not to send any of the information required.

The resolution offered by Mr. Hale of Maine as to the seizure of flour by the British authorities, was adopted, but only after a spirited debate and after the resolution had been materially amended.

Mr. Teller of Colorado addressed the senate upon the financial bill and will continue his speech today.

The house had another inning over the sale of the New York customhouse by Secretary Gage. Mr. Sulzer of New York, the author of the resolution for an investigation of the secretary's transaction with the New York banks, started the debate by charging that the mandate had gone forth to suppress it.

Mr. Sibley, a Pennsylvania Democrat, formerly a radical advocate of free silver, who is now out of sympathy with the Democrats in the house, warmly commended Mr. Gage's course. These two speeches precipitated a debate which lasted almost three hours.

Mr. Hepburn (Rep. Ia.) assailed Mr. Sulzer for some of his extravagant statements and declared there ought to be some way to rebuke a member for slandering honored officials.

Later in the day during the discussion of the appropriation for the army, Mr. Cannon, in charge of the bill, challenged any member to move to strike it out.

Mr. Williams (Dem. Miss.) replied to Mr. Cannon in an eloquent speech in which he affirmed the loyalty of every American citizen to the flag and charged Mr. Cannon with shrewdly issuing a challenge that he knew would not be accepted.

The urgent deficiency bill was passed with only one unimportant amendment.

Charles Henry Killed.

Texarkana, Jan. 18.—News reached here from Red river to the effect that Charles Henry, a prominent negro of Valley, was assassinated Tuesday night, being shot in the head twice by some one in ambush. Henry was one of the wealthiest negroes in this section of the country, being worth \$7000 in money and \$12,000 in property. He built a bridge across McKinney bayou, about 10 miles from this place, and lately completed the structure at a cost of \$4000 which was paid out of his own funds. Since the bridge was finished he operated a tollgate on it, and for this he became very unpopular among his race. It is thought he was assassinated by revengeful parties of his own color.

Kentucky Senatorship.

Frankfort, Jan. 18.—The legislature met in joint session at noon Wednesday to make a final comparison of the journals of the two houses in the matter of electing a United States senator. The roll call found 130 present out of 138. The journals showed that Blackburn had received 77 votes Tuesday to 53 for Bradley, and Speaker Trimble who presided, declared Blackburn duly elected to succeed William Lindsay. Mr. Bryan was present and applauded when Blackburn was declared elected. Blackburn was escorted to the hall and made a speech of acceptance.

That Wrecked Steamer.

St. Johns, Jan. 18.—The magistrate has received the damaged life buoy picked up Tuesday in St. Mary's bay, which as reported has the name of the wrecked steamer painted on it, but the lettering of which is partly illegible from fire and water. On the life buoy are the letters "Elgoland." No doubt these letters are part of the word "Helgoland." It is reported that some bodies have been brought to land.

Merchants Resisting the Tax.

Pauls Valley, I. T., Jan. 18.—A clash between the merchants who have refused to pay the 1 per cent tribal tax and the Indian police when the latter attempt to collect the tax seems inevitable. The merchants say they will refuse to pay the tax and the police declare they will drive them from the territory unless they comply with the law.

Killing at Oakhurst.

Dodge, Tex., Jan. 18.—There was a killing at Oakhurst Tuesday. Oakhurst is a saw mill town six miles east of Dodge on the Trinity Valley railroad. Billie Nobles the mill logger, was killed. The parties had a difficulty the night before. The other party to the trouble has not been arrested.

Officer Killed.

West Plains, Mo., Jan. 18.—Deputy Sheriff Alfred Henry, while engaged in feeding the prisoners in the Howell county jail, was dragged into a cell and killed. All the prisoners in the jail escaped. Poses are in pursuit.

Senator McLaurin Better.

Jackson, Miss., Jan. 18.—Senator McLaurin, who has been for some days dangerously ill with pneumonia, is considerably better, and attending physicians now declare him out of danger.

Ernest Truelove Killed.

Gainesville, Tex., Jan. 18.—Ernest Truelove of Ardmore, I. T., was shot and killed Wednesday night.

CORRESPONDENCE.

A Word to Our Correspondents.

In the following the Caldwell News-Chronicle so aptly expresses the sentiments of the Eagle that we publish it with application to our own large and efficient corps of correspondents:

After our correspondents have had time to realize that the new year has its duties, work and responsibilities the same as the old one, we wish to greet them with a hearty hand shake, as it were, and wish for them a prosperous, pleasant and an unusually peaceful and happy twelve months. May all you undertake to do be successfully done, and may your best aims and noblest determinations be achieved in a way that will make your life easier in its progress and happier in its consummation.

We feel for our correspondents an intimate relationship. Many of you have stood faithfully by us almost since the first issue of the paper, and your efforts have helped to bring about the progress which the Eagle has made and of which all are proud.

Your work has been faithfully done, and many people have found refreshing and valuable news in your department. Your page is such an indispensable part of the Eagle there would truly be a "loss in all familiar things" if our rural staff should, by any dire means, be found wanting. If for no other reason in the world, we feel it a duty we owe you to make the Eagle as time goes on better and more worthy to be your weekly visitor. We thank you one and all for your patient labors and friendship and sincerely hope that our relations in the future will continue as they are with an increase in all good feelings.

KENTUCKY CONTEST.

Twenty Witnesses Examined by the Contest Committee.

Frankfort, Jan. 18.—Twenty-one witnesses were examined by the gubernatorial boards of contest Wednesday, all of them being introduced by the Democrats. Twenty of the witnesses testified in relation to the so-called tissue ballots, all of them saying that the ballots used at the polls in Pike, Martin, Johnson, Knox and Magoffin counties were of a transparent nature, that the marks made by the voters upon them could be seen. In almost every instance the Republicans, upon cross-examination, brought from these witnesses the statement that the vote in the various districts where the tissue ballots were used did not in the last election differ from the average vote at preceding elections.

A long argument took place in the evening over the evidence of D. B. Faulkner, an election commissioner of Knox county. The Democrats desired to show that he had been led to sign the election certificate partly because of threats of hanging made by Republican sympathizers. The witness said he had been told of such threats, but had never heard them. His evidence was objected to as similar evidence was offered by A. D. Spear, a Democratic challenger, from the same county. A. J. Steele of Knox county was recalled and told of threats made against the election commissioners on the day the county certificate of election was filed. He heard men say they had ropes, but he could not say whom they intended to hang with them.

Heading for South Africa.

New York, Jan. 16.—The steamship St. Paul, which sailed for Southampton Wednesday, had on board a number of men who are en route to South Africa to do some fighting. Among them was F. R. Burnham, a scout, who has seen service in the English army. Mr. Burnham was with Lord Roberts when the latter was serving in India, but has since been in Alaska. Captain R. Harris and his son Felix, from San Antonio, said they were going to Africa "to get in the war." The did not say which side they were going to fight against, as it might interfere with their going.

Anarchy Reigns in Venezuela.

Paris, Jan. 18.—A dispatch from Caracas published here says anarchy prevails in Venezuela. Owing to a refusal to advance the government money the directors the banks of Caracas and Venezuela, including a Frenchman, M. Montauban, and other foreign notabilities have been arrested and thrown into a fortress. Representations of the French charge d'affaires have been disregarded and the French colony at Caracas demands that the French Atlantic squadron be dispatched to the coast of Venezuela.

Senator Quay's Chances.

Washington, Jan. 18.—Senator Quay's chances of securing his seat in the senate on Governor Stone's appointment, are brightening. He has made a call on the great manufacturing interests, whose cause he has championed for many years, and they are responding with demands upon senators within their spheres of influence to "do what they can for Quay." The effect of this is visible in the increased confidence Senator Quay's close friends display in discussing the situation.

No Such Letters.

Paris, Jan. 18.—The statement in the London Morning Post that the Washington administration had received letters from France, Germany, Great Britain and Russia demanding knowledge of the intentions of the United States as to the "open door" in China, and the future of the Philippines, was news to foreign officials here. They said it was the first they heard of such action.

Dewey Not Displeased.

New York, Jan. 18.—The Journal's Washington special says Dewey did not attend the White House dinner because of the illness of Mrs. Dewey. Denial is made in advance of the story sent out that Admiral Dewey was displeased because of the reception arrangements.
